## **I. INTRODUCTION**

This amendment and Continued Examination request is for the purpose of adding new claim 30 to the application which has already been allowed with respect to claims 14, 16 and 27-29 by the Notice of Allowance dated April 20, 2006. Claim 30 is identical to the allowed claim 27 except claim 30 does not contain the limitation contained in claim 27 - which reads "said cable covering contacting each projection". This limitation is not determinative in the examiner's reasons for allowability.
